## About this brochure

This brochure contains general information about bachelor and master's degrees offered in English by Spanish universities.

If you are interested in receiving information about any of these degrees, you may inquire directly to the e-mail address provided or the telephone number given on the list.

The number of degrees in foreign languages is growing so we recommend that you consult the search engine at **<http://www.universidad.es/degrees>** in order to obtain the most current and detailed information available.

The information gathered has been reported by the Spanish universities to the Universidad.es Foundation.

## Brief Introduction of Universidad.es Foundation

Universidad.es is a public sector foundation whose creation was approved by Spain's Council of Ministers in October 2008. It is a resource that aims to be competitive at an international level and to promote the Spanish university system throughout the world.

Universidad.es was set up by the Spanish government with the support of Spain's regional governments and of the universities themselves. Its aim is to create an international brand for the Spanish university system, maximizing its international visibility and providing effective reputation management.
